*Pending charges represent accusations:  
all defendants are presumed innocent unless  
and until proven guilty beyond a reasonable  
doubt under the United States Constitution.*

## Request for all dashcam or other video In Rte. 95 shooting homicide

Massachusetts State Police detectives investigating the fatal shooting of a North Attleboro man Saturday night (Feb. 3, 2024) are asking the public for any dashcam or other video footage that may have been captured between 9 p.m. and 10:00 p.m. along the Rte. 95 south corridor from Waltham to the Rhode Island Line, or along the Rte. 3/93 corridor from Boston or Weymouth, through Milton and Canton, to 95 South.

“We are asking truck drivers, rideshare drivers, or anyone who employs a dash cam or who might otherwise have captured footage along those roadways during that time frame to contact us at 781-327-9801,” said District Attorney Michael W. Morrissey, whose office is investigating the homicide.. “We have developed certain information that may help us to identify distinctive features on the car driven by the shooter.”

The driver is currently believed to have merged from one of those directions onto Rte. 95 South at about 9:20 p.m.

Additional detail on the possible appearance of the car is not being published outside law enforcement at this time, Morrissey added, although that step may come later in the investigation.

“We are not asking people to go back through their video footage themselves and make determinations of any kind – we are asking them to call so that we can arrange to have police view the footage,” District Attorney Morrissey said. “Given where we are in the investigation, this could lead to identifying the shooter who killed Justin R. Parker.”

*Related Update: The family in the Lexus SUV did not sustain injury requiring hospital transport.*
