*Pending charges represent accusations:  
all defendants are presumed innocent unless  
and until proven guilty beyond a reasonable  
doubt under the United States Constitution.*

### Death investigation at Neponset River

Massachusetts State Police assigned to the Norfolk District Attorney's Office, Milton Police, and members of specialized MSP teams including the Dive Team, Crime Scene Services Section, and Marine Unit, are investigating an unidentified male body retrieved from the Neponset River in the vicinity of 2 Granite Ave this morning.

Authorities were alerted to the presence of the remains at roughly 9 a.m. Feb. 13, 2024.

The remains, which appeared to have been in the water for significant time, was taken to the Office of the Chief Medical Examiner for autopsy as soon as tomorrow (Feb. 14, 2024) to investigate cause and manner of death.

While positive identification will need to be finalized by the medical examiner, the man had materials on his person with the name of a male in his 50s reported missing out of Suffolk County in December. No identity information will be released until the identity is confirmed and next-of-kin notification procedures are complete.
